| 06 | 07 | Notes: The pool equipment pit top is falling apart. Cyrstal Pools brought in several contractors to bid on the project. Only one contractor followed up. The pool pit metal cover will be retained and marine grade wood and stainless steel will be used to attach it. The pitch will be altered slightly for better drainage. The kitchen drain pipe located in the storage area needed to be snaked and cleaned out to prevent backup into unit 203. | | | | |
