01	02	Notes: No board meetings were held in June. Management handyman is out for a few weeks due to surgery so the handyman repair list is on hold for now. We are waiting on a quote from the roofing company for replacing the skylights in the stairwells. Management had the roofing company redo the threshold repair. Now only the south door is a little tight. Management is updating paving quotes we had with current pricing due to the price change of petroleum. Some of the new stairwell lighting is dim around the emergency lighting. Management is questioning if enough power is getting to those lights.
