29	30 2pm Zoom meeting with TK Elevator, Board Members, and Elevator Consultant. Sandra reported the north stair lighting was out including emergency lighting.	31	01	02	03	04
05	06	Notes: Sharon Dowling met with a door company about replacing the pool bathroom door. Quote came in at \$2500. Board is getting additional quotes. Dennis Rosenfeld detailed some electrical work needed for the outside area, generator room and pool storage room and the electrical panel is being updated so the social room refrigerator, microwave, tv, lighting, and outlets run with the generator. This will be helpful when long power outages occur and will benefit all owners. We are shopping for a new gas grill and getting quotes for installation. Bluewater Electric notified about north stairwell lighting being out. TK Elevator is fixing items identified in the elevator consultant report over the next 60 days.
