01	02	<b>Notes:</b> A&B Dock has located the problem causing the issue with our patio area. The seawall between us and Aloha needs repaired as do some seams on the Aloha seawall. We are waiting on a quote for the repair. This repair will require cooperation from the Aloha. The new gas meter has a shut off switch that will cut off everything should it be needed. Sunshine Sprinkler did the preliminary work. The final work will be done after the paving.
